

**VISITING A SECONDARY HOME  
(VACATION HOMES/CABINS)  
FOR NON-ESSENTIAL TRAVEL  
DOES NOT ALIGN WITH  
CDC GUIDANCE TO LIMIT THE  
SPREAD OF COVID-19**

*Many secondary homes are located in remote areas with limited healthcare facilities or services. Healthcare facilities designed for smaller populations will have less capacity to respond to the current ongoing pandemic*

**STOP THE SPREAD. STAY AT  
YOUR PERMANENT RESIDENCE**
